This is more of a “social call” that Joel is doing at HudBay’s request. Suggest that all we need is a status update on the process – a couple of bullets on NEPA, ESA, and CWA reviews.

Thanks

This could be Rosemont. We can send up our latest understanding of the status and my staff will connect with R9 if that would help.

Thanks

John

OWOW has not been preparing anything for this. I don't know what Greg may or may not be doing.

Gentlemen, just wanted to be sure that someone is taking the lead to pull together some background information for this meeting tomorrow, along with any tps/messages that Joel should consider conveying.

Thanks!
